DEPARTMENT OF ORAL PATHOLOGY & MICROBIOLOGY

Online Lecture: "Unlock your potential: Practicing Dentistry in UK" - Report

The Department of Oral Pathology & Microbiology conducted an online lecture titled "Unlock your potential: Practicing Dentistry in UK" on 04/3/2022 for the batch of Interns. It was a talk delivered by Dr. Jasleen Kaur (BDS, MSc, DPH, DDPH-RCS Eng.).

The talk was organized with the purpose of helping the Interns in make them aware about the different career options available to them in the United Kingdom. The speaker spoke in-depth about the various avenues open to them in the United Kingdom after they completed their BDS. These included options in the field of clinical dentistry, research, epidemiology, hospital administration etc. She also enlightened them about the various examinations, protocol, and the necessary requirements regarding the same. The talk was particularly helpful to those students who wished to migrate overseas for their higher education and career.

A total of 35 Interns and 5 Staff members attended the talk. This was also live streamed on Facebook on the official college page. The talk was well-received and was very beneficial of all the attendees. All the attendees were requested to fill the feedback form after which participation certificates were awarded to them. The speaker was also felicitated with a presentation certificate.
